# SAFETY TRIAL LOOKING TO EXPAND

The Methods Centre is actively seeking **high volume sites with research support** to join the pilot phase of the trial. If you may be interested in participating in this collaborative study, or know of any colleagues that may be interested in participating, please visit [www.SAFETYrct.com](http://www.SAFETYrct.com) to complete the **SAFETY Physician Trial Application** or to access the study documents.

## SUCCESS BULLETIN!

### SAFETY INVESTIGATOR LAUNCH

Thank you to all those who joined us for the **SAFETY trial Virtual Investigator Launch**. We had interesting and productive discussions regarding site-start up and enrollment in the SAFETY trial. We look forward to many more sites obtaining full ethics approval to begin enrolling participants!

### CASE REPORT FORMS

The SAFETY CRFs recently underwent a revision for use in the electric data capture (EDC) system and to ensure the efficient collection of data points. Changes include:

- Re-formatting CRFs with barcodes and plate numbers for use in the EDC system;
- Change of the **PROMIS® Satisfaction with Social Roles & Activities Questionnaire (Form 21)** to the **Short Form Version 8a**;
- Additional event details on the **Local Recurrence Form (Form 12)** and **Systemic Recurrence Form (Form 13)**.

*We will be in touch with you once your site has obtained full ethics approval to facilitate your site's transition to the new version of the CRFs.*

### TRICIA ON MATERNITY LEAVE!

A reminder that **Tricia** is now off on maternity leave until **December 31<sup>st</sup> 2020**. Please contact, **Victoria** during this time with any study questions.

**Congratulations Tricia!**
